

Promatrajući svijet oko nas, jedan od zaključaka do kojih smo došli jest da je posuđivanje knjiga pravi izazov upravo za one koji bi više od ičega voljeli čitati; stari, bolesni, umorni... A čak se i onima kojima nije problem otići do knjižnice ponekad jednostavno neda (daleko je, gužva je, ružno je vrijeme, ne znaju što bi čitali, a nemaju nekoliko sati viška da „pročešljaju“ knjižnicu).

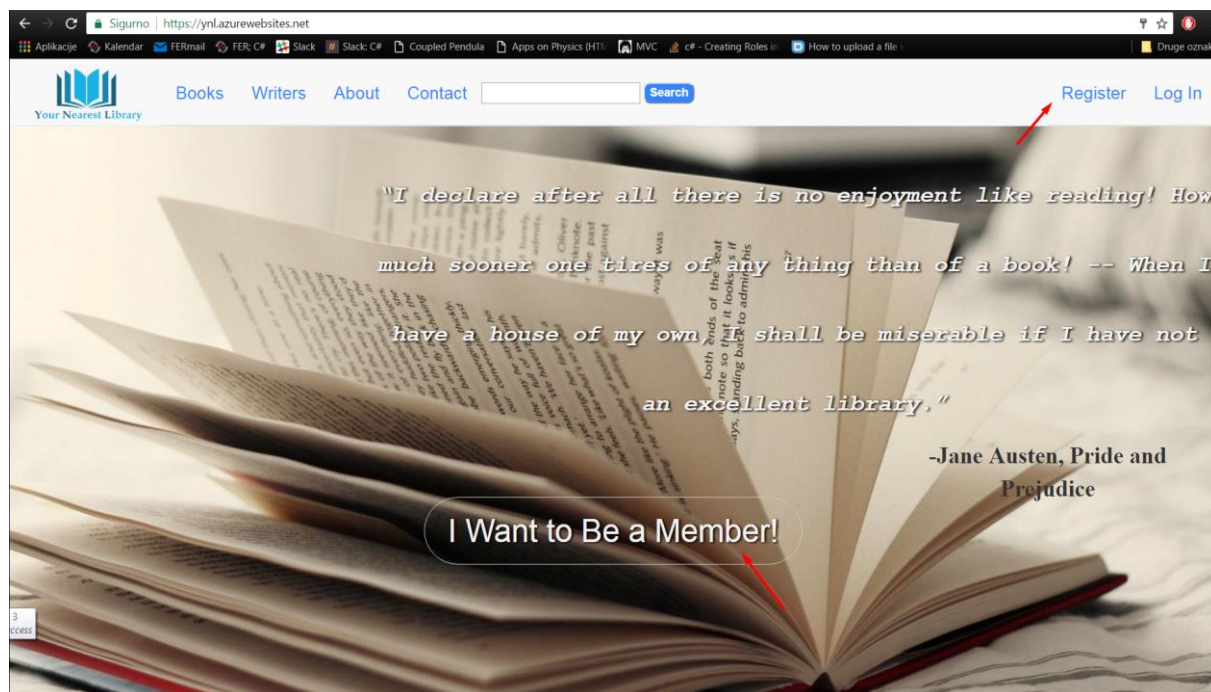

Tada smo se zapitali – zašto posuđivanje knjiga ne bi bilo jednostavno kao naručivanje hrane?

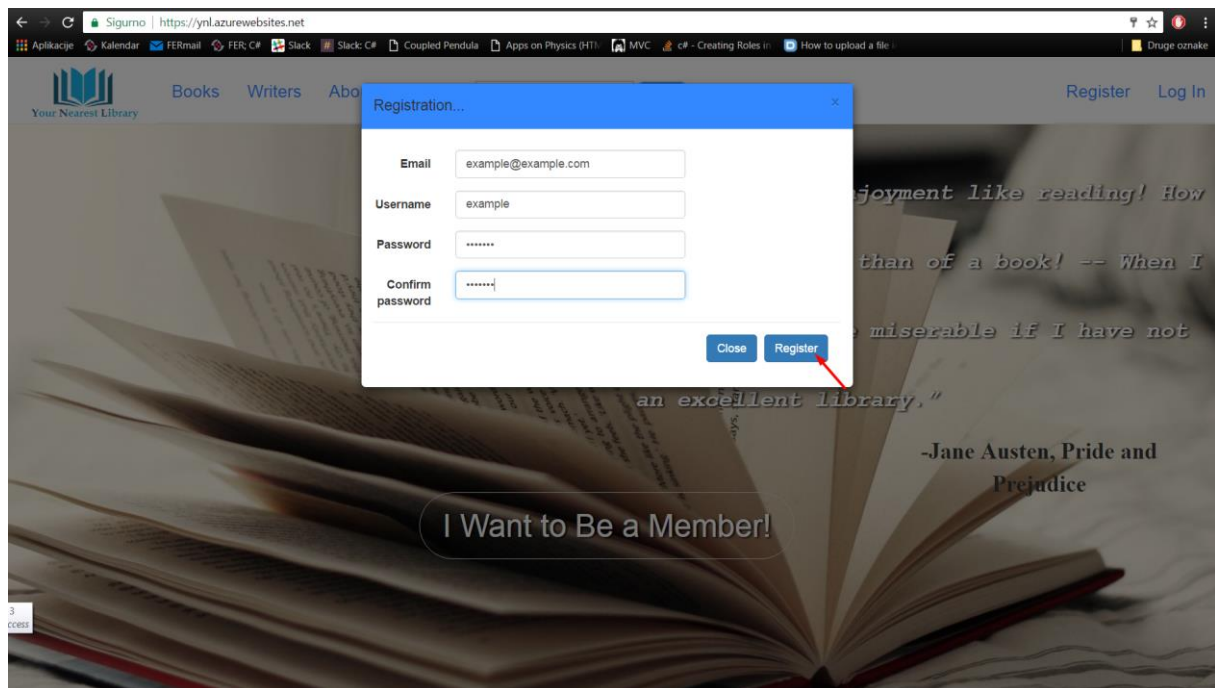

Nakon nekoliko neprospavanih noći i cjelodnevnih druženja s računalom konačno možemo demonstrirati što je to točno bilo u našim glavama tih prvih dana. Iako i dalje postoji puno mjesta za napredak, zasad je dovoljno, trebamo sad malo i učiti, a YNL će čekati veljaču.
